

**REMARKS/ARGUMENTS**

In items 2-3 of the Official Action the examiner expresses concern for prevention of jet lag but does agree that "treatment of jet lag" is enabled; *see* item 2, second line. With the examiner's comments in mind, claim 10 has been amended and directed to a method of treating jet lag using an indicated amount of vitamin E by itself or with another component.

Claims 1-9 have been canceled in order to reduce issues and respond to the examiner's comments on pages 5-7 of the Official Action.

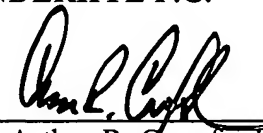

Claims 10-13 require a dosage range and schedule not described or reasonably suggested in the cited prior art and thus the rejection stated on pages 7-8 of the Official Action is traversed.

Applicants submit that this Amendment places claims 10-13 in condition for allowance and requests early and favorable continued examination and allowance.

Respectfully submitted,

**NIXON & VANDERHYE P.C.**
